

SIMONTON 6200 COLLECTION

Available exclusively through **The Home Depot Installation ServicesSM**

Featuring a contemporary design, the Simonton® 6200 Collection opens up your home with expansive views and natural light. With a wide selection of window styles and customization options, including a black interior finish, you can design the perfect window to complement your home. And when you partner with The Home Depot Installation Services, you can trust their expertise to guide you through the entire window project.

Energy Savings

The energy-efficient glass package can be customized to meet ENERGY STAR® criteria in any region for superior thermal performance and to maximize your home's interior comfort.

Exceptional Quality

Simonton 6200 windows feature fusion-welded construction, custom-built to your home's exact size and specifications, for weathertight protection from the elements and durability.

Premium Vinyl

Simonton vinyl is crafted with high-quality raw materials for exceptional durability, thermal efficiency, and resistance to weather, insects, and decay.

Transferable Warranty

Simonton stands behind the quality and craftsmanship of 6200 windows with a comprehensive warranty covering vinyl, hardware and glass units to ensure your total peace of mind.

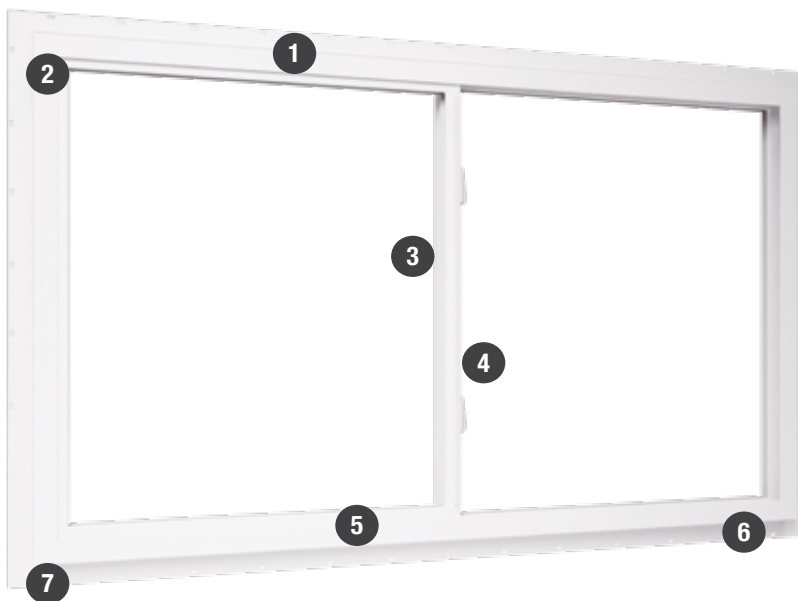

Premium Quality. Trusted Expertise.

With a streamlined, narrow frame design, custom aesthetics and advanced efficiency, Simonton 6200 vinyl windows are designed to deliver exceptional performance and functionality that will enhance your home and daily life. The 6200 Collection is manufactured to the highest possible industry standards and rigorously tested to earn AAMA Gold Label Certification, signifying best-in-class construction and performance.

6200 SLIDING WINDOW

FRESH AIR

6200 Single Hung and Slider windows feature a half, rollformed screen frame with integrated pull rails for easy operation. Hinged windows have a full extruded screen frame placed on the window's interior. Choose micro-fine UltraVue® screen mesh for increased visibility.

1. MAXIMUM DAYLIGHT

Low-profile frame design offers a larger glass viewing area and provides up to 40% more daylight than wide-frame windows.

2. DURABLE CONSTRUCTION

Fusion-welded, one-piece frame provides unmatched durability, weather resistance and quality performance.

3. CONVENIENT ACCESS

The integrated pull stile offers efficient operation and dependable performance.

4. SECURE SEAL

Advanced weatherstripping provides superior protection against drafts, rain and dirt.

5. SMOOTH OPERATION

Stainless steel pin axle wheels allow for easy opening and closing.

6. WATER CONTROL

Exterior weep holes are covered by small baffles and allow moisture to escape while providing protection against insect infestation.

7. FINISHED APPEARANCE

Windows are available in frame styles to meet every installation and architectural need. Choose from three decorative stucco trim frames including the Bullnose Frame, Craftsman Frame and Brickmould Frame.

Window Styles

Consider your home's architectural and interior design when selecting a window style. Choose from a variety of shapes and unique operating styles that will complement your home inside and out while delivering dependable functionality and performance.
